

Mini-symposium

Genomic, biomarker and systems research into aging and complex diseases

Date: **Wednesday 25th of June 2014, 9:30–12:30 hours**
Venue: **LUMC, lecture hall 3**

Programme

- 09.30 - 10.00: **Prof. Dr. Tom Kirkwood** CBE (Newcastle University, Newcastle, UK)
The biology of aging
- 10.00 - 10.30: **Dr. Ton de Craen** (LUMC, Leiden, NL)
Epidemiological studies of aging and longevity
- 11.30 - 11.45: Coffee/tea break
- 10.45 - 11.15: **Joris Deelen** MSc (LUMC, Leiden, NL)
Genetic and biomarker studies of healthy aging and longevity
- 11.15 - 11.45: **Prof. Dr. André Uitterlinden** (Erasmus MC, Rotterdam, NL)
Genetics of age-related diseases
- 11.45 - 12.15: **Prof. Dr. Cisca Wijmenga** (UMCG, Groningen, NL)
The use of biobanking for studies of complex diseases

Participation in the mini-symposium, including coffee, is free of charge.

Please register before the **9th of June** by sending an email with subject 'Participation mini-symposium' to I.C.M.ten_Hoorn@lumc.nl
